LA CE ȘTIRI AM ACCES ÎN PLATFORMĂ?

Platforma oferă o selecție de știri în timp real, din diverse surse. Se poate opta pentru o selecție personalizată în funcție de surse.

The screenshot displays a news application interface. At the top, there is a 'STIRI' header, a search bar labeled 'Filtru', and a dropdown menu for 'Surse'. Below this is a table of news items with columns for 'Data/ora', 'Titluri', and 'Sursa'. A red box highlights the 'Surse' dropdown menu, which is expanded to show a list of sources with checkboxes for selection. The sources listed are: 'Arata stirile noi', 'Google Finance', 'Infront News', 'Infront Service Changes', 'Introduce.se', 'Investerarbrevet', 'Investor Letter', and 'Itwatch'. The 'Investor Letter' source is checked. At the bottom of the dropdown is a 'SELECTEAZA TOT' button and an 'OK' button. Below the news table are navigation buttons: 'PRIMA PAGINA', 'PAGINA ANTERIOARA', and 'PAGINA URMATOARE'.
