

# 1 YOU DASHBOARD

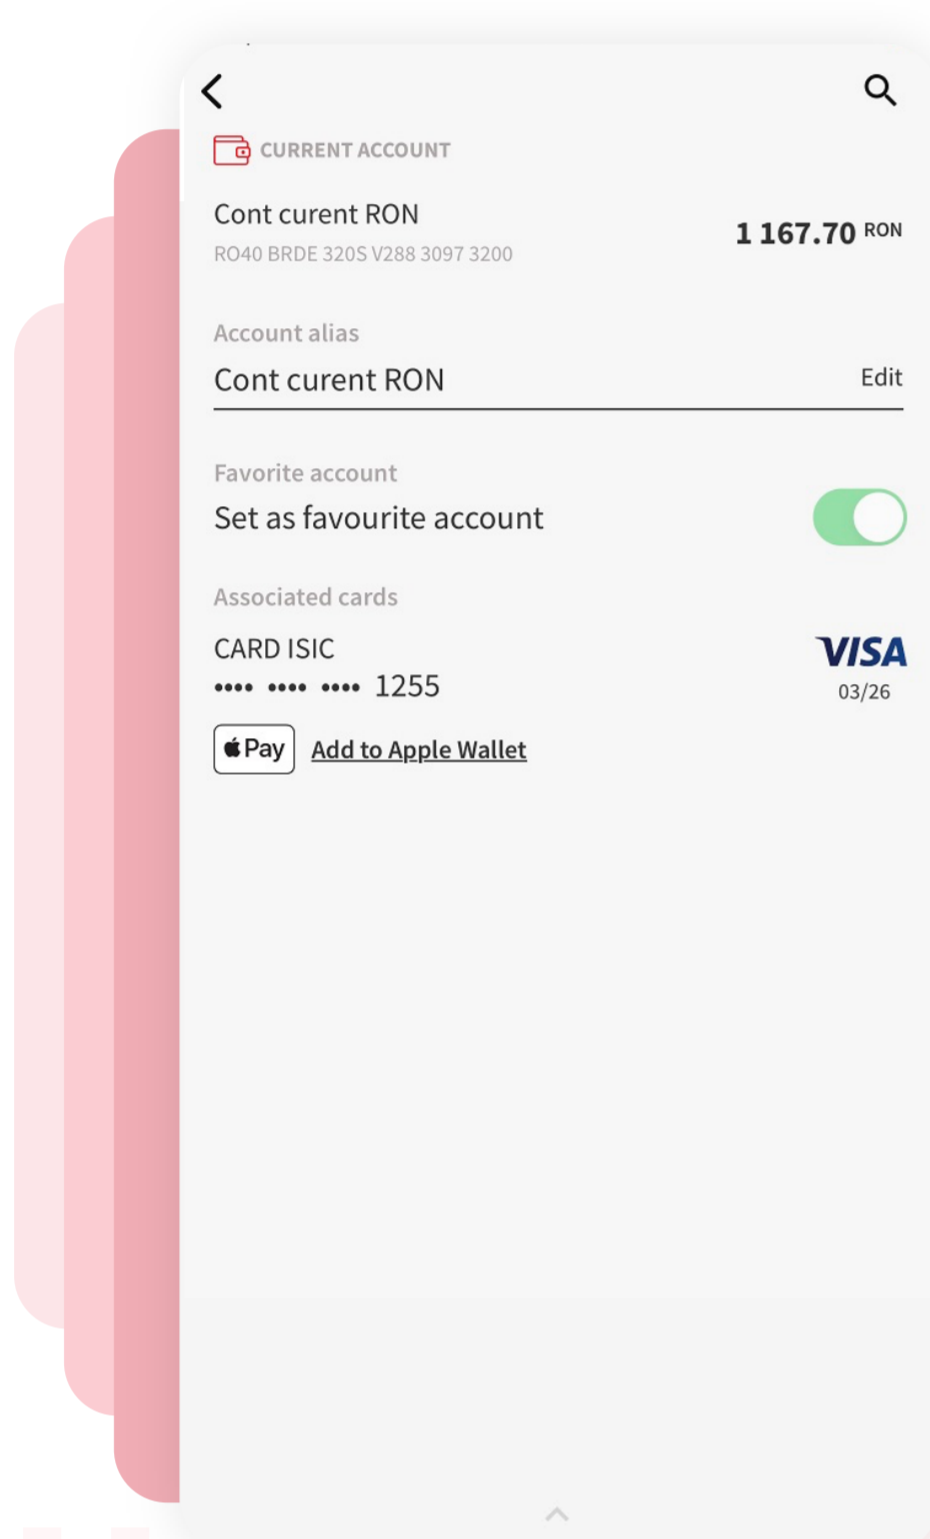

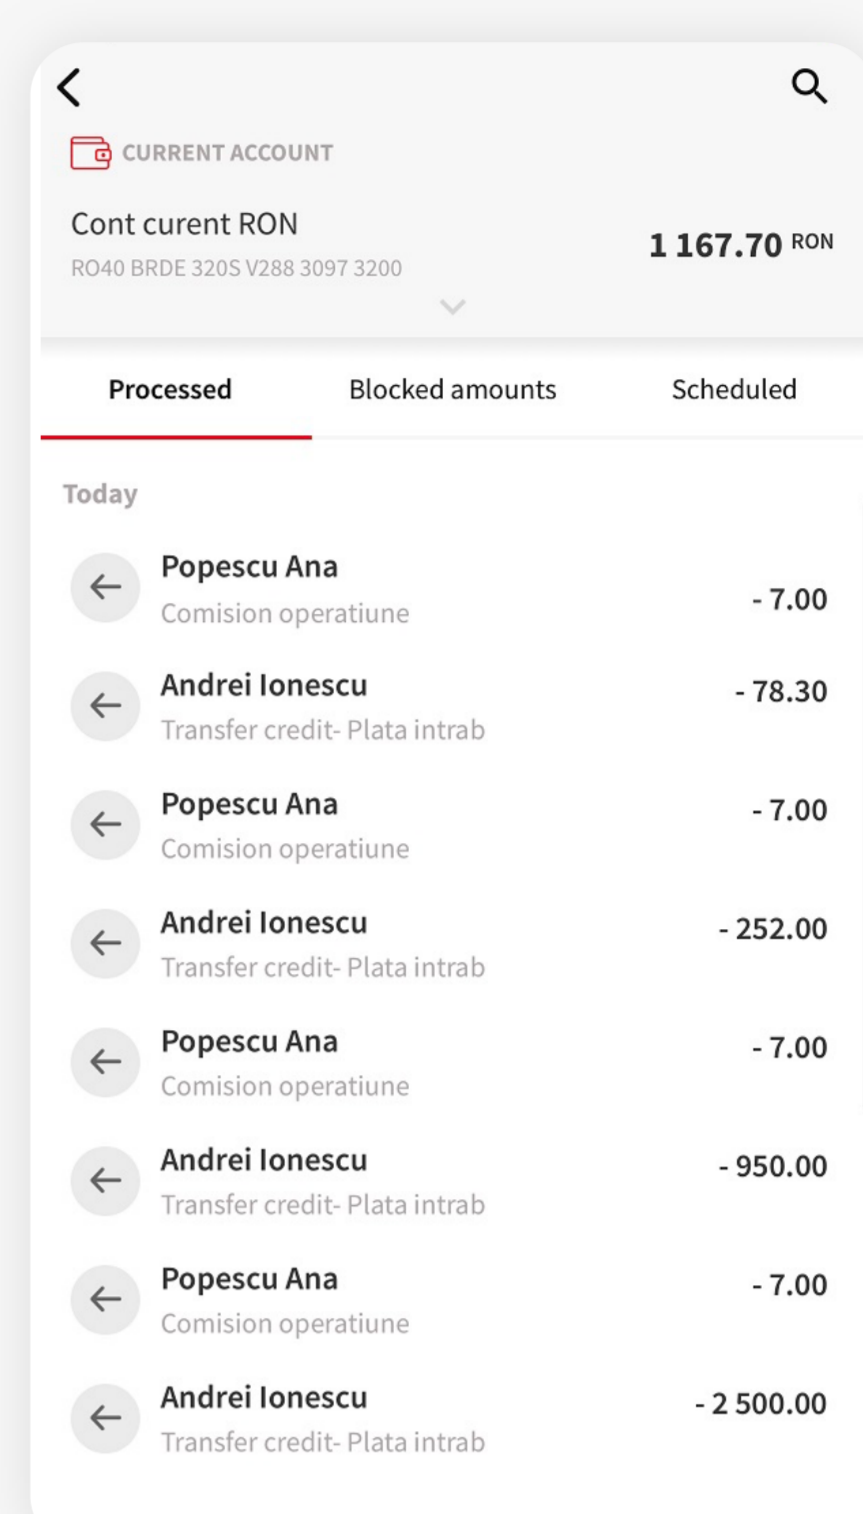

After login into YOU app, you will be redirected to the home screen of YOU. In this screen you will see all the products / accounts and have access to some of the functionalities of the YOU app.

You can share your account details by taping the "Share IBAN" icon.

# 2 TRANSACTION HISTORY

To see the transaction history of any product, tap on the name of the account. To go back tap on the back arrow icon.

# 3 ACCOUNT DETAILS

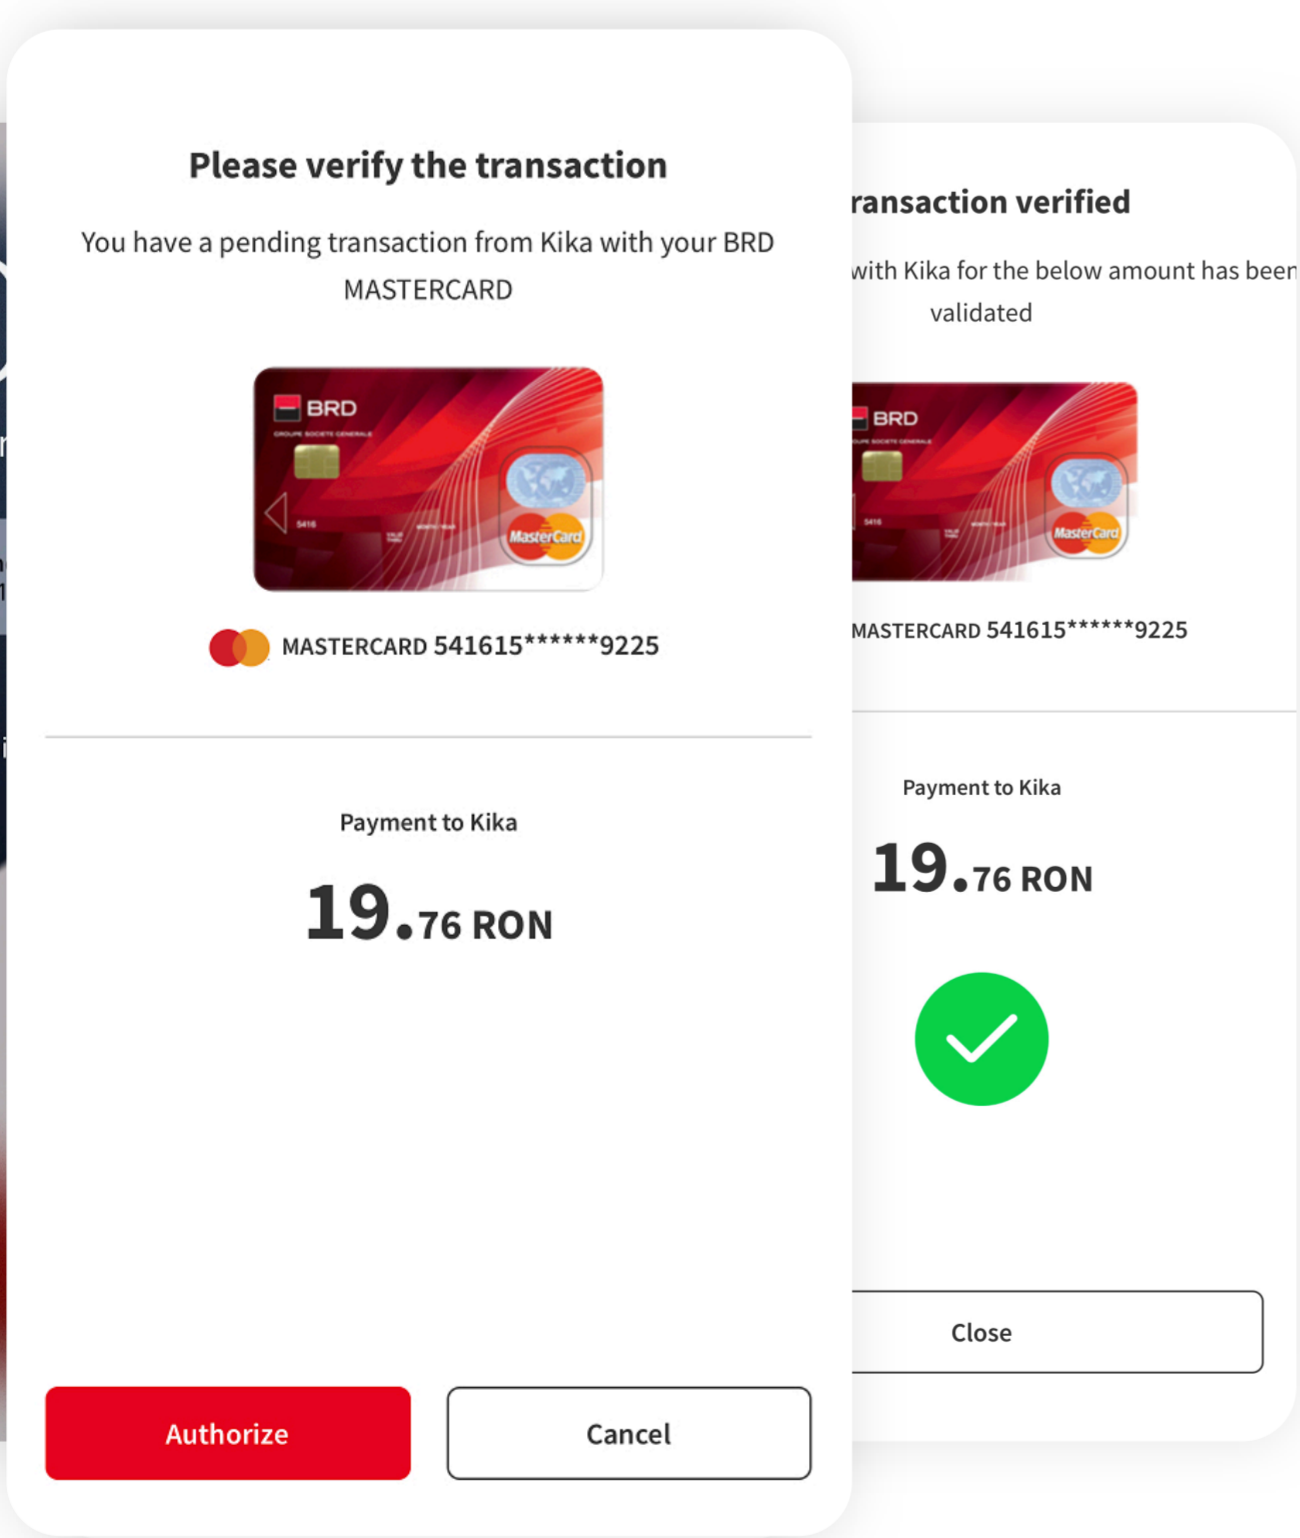

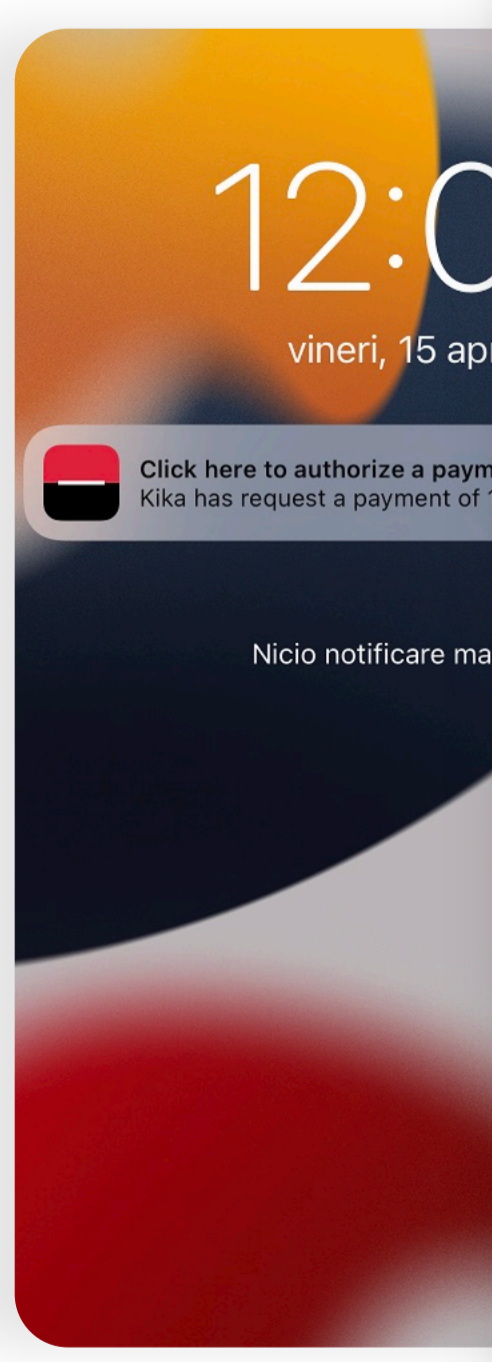

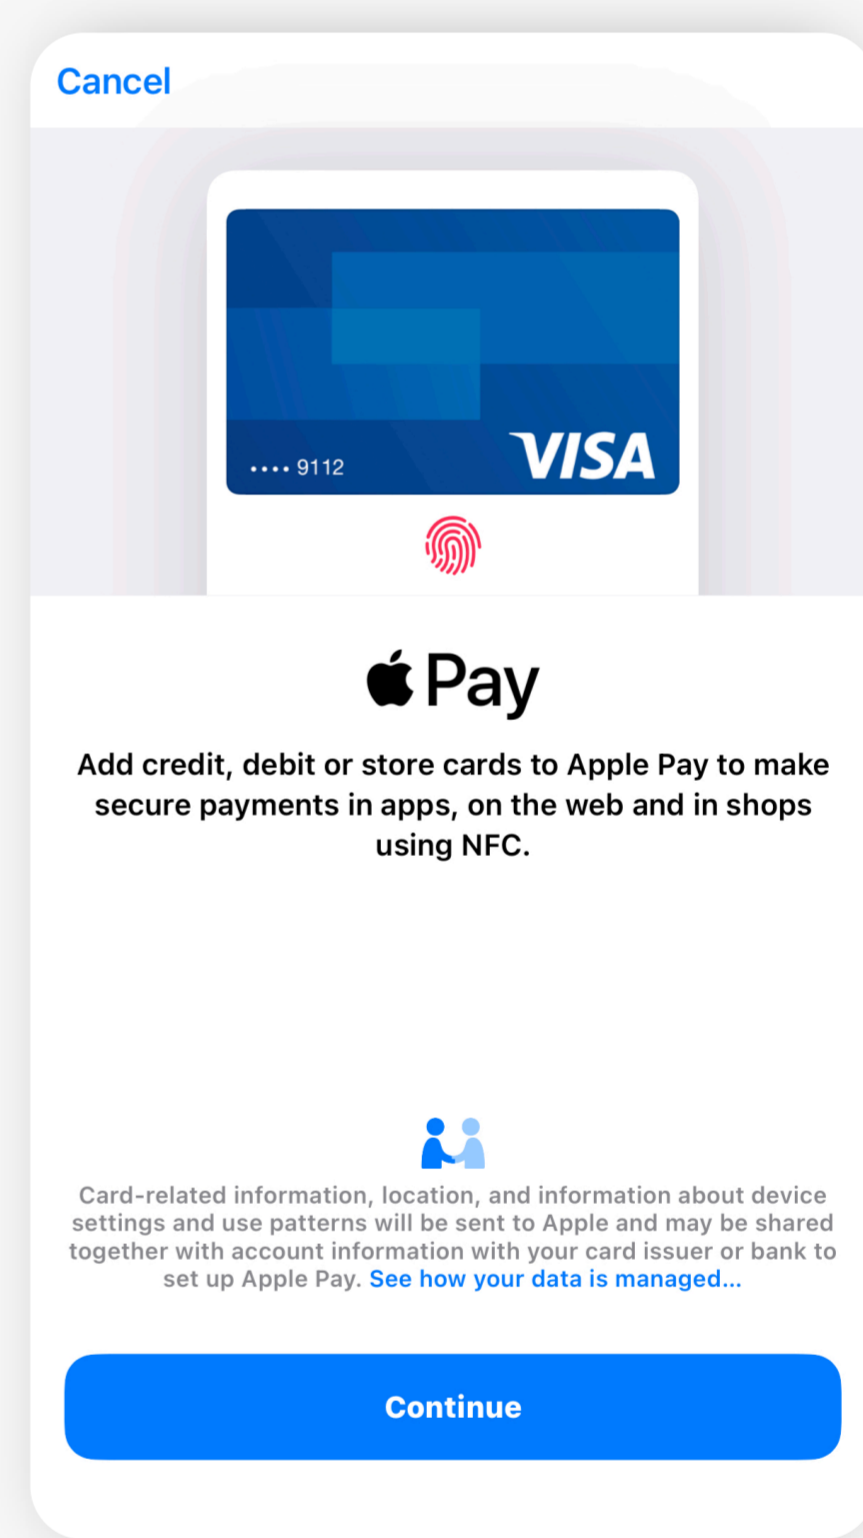

By tapping the top area of the screen, it will open the account details. In this screen there are: account alias, favorite account and more details regarding the type of the account.

If you wish to make another account your favorite, go to the details of that account and tap on the favorite account toggle. You always need to have a favorite account.

# 4 CARD ENROLLMENT

If you have a card attached to your account, you can add it to Apple Pay/G Pay, depending on your device, tapping "Add to ..." under your card, than follow the steps on the screen.

You will follow these steps outside the YOU BRD application.

# 5 VALIDATE CARD PAYMENT

To authorize an online 3D Secure payment, the transaction must be validated.

On the order placement on the visited website, after you choose Card payment, you will receive a **push notification**. Tap on it. You will see the payment details. If you want to confirm tap the red "Authorize" button, otherwise tap the white "Cancel" button.

After the succesful confirmation you will get a success message.

# 6 MORE MENU

The "More" button offers access to: personal data, settings, consents and agreements between BRD and the user, contact BRD, logout and the app version number. Some settings are unavailable, in respect of the law (for example you cannot modify the consents).
