

# 1 PAYMENTS

On the navigation menu is located the payments button. Tapping it will take you to the payments page.

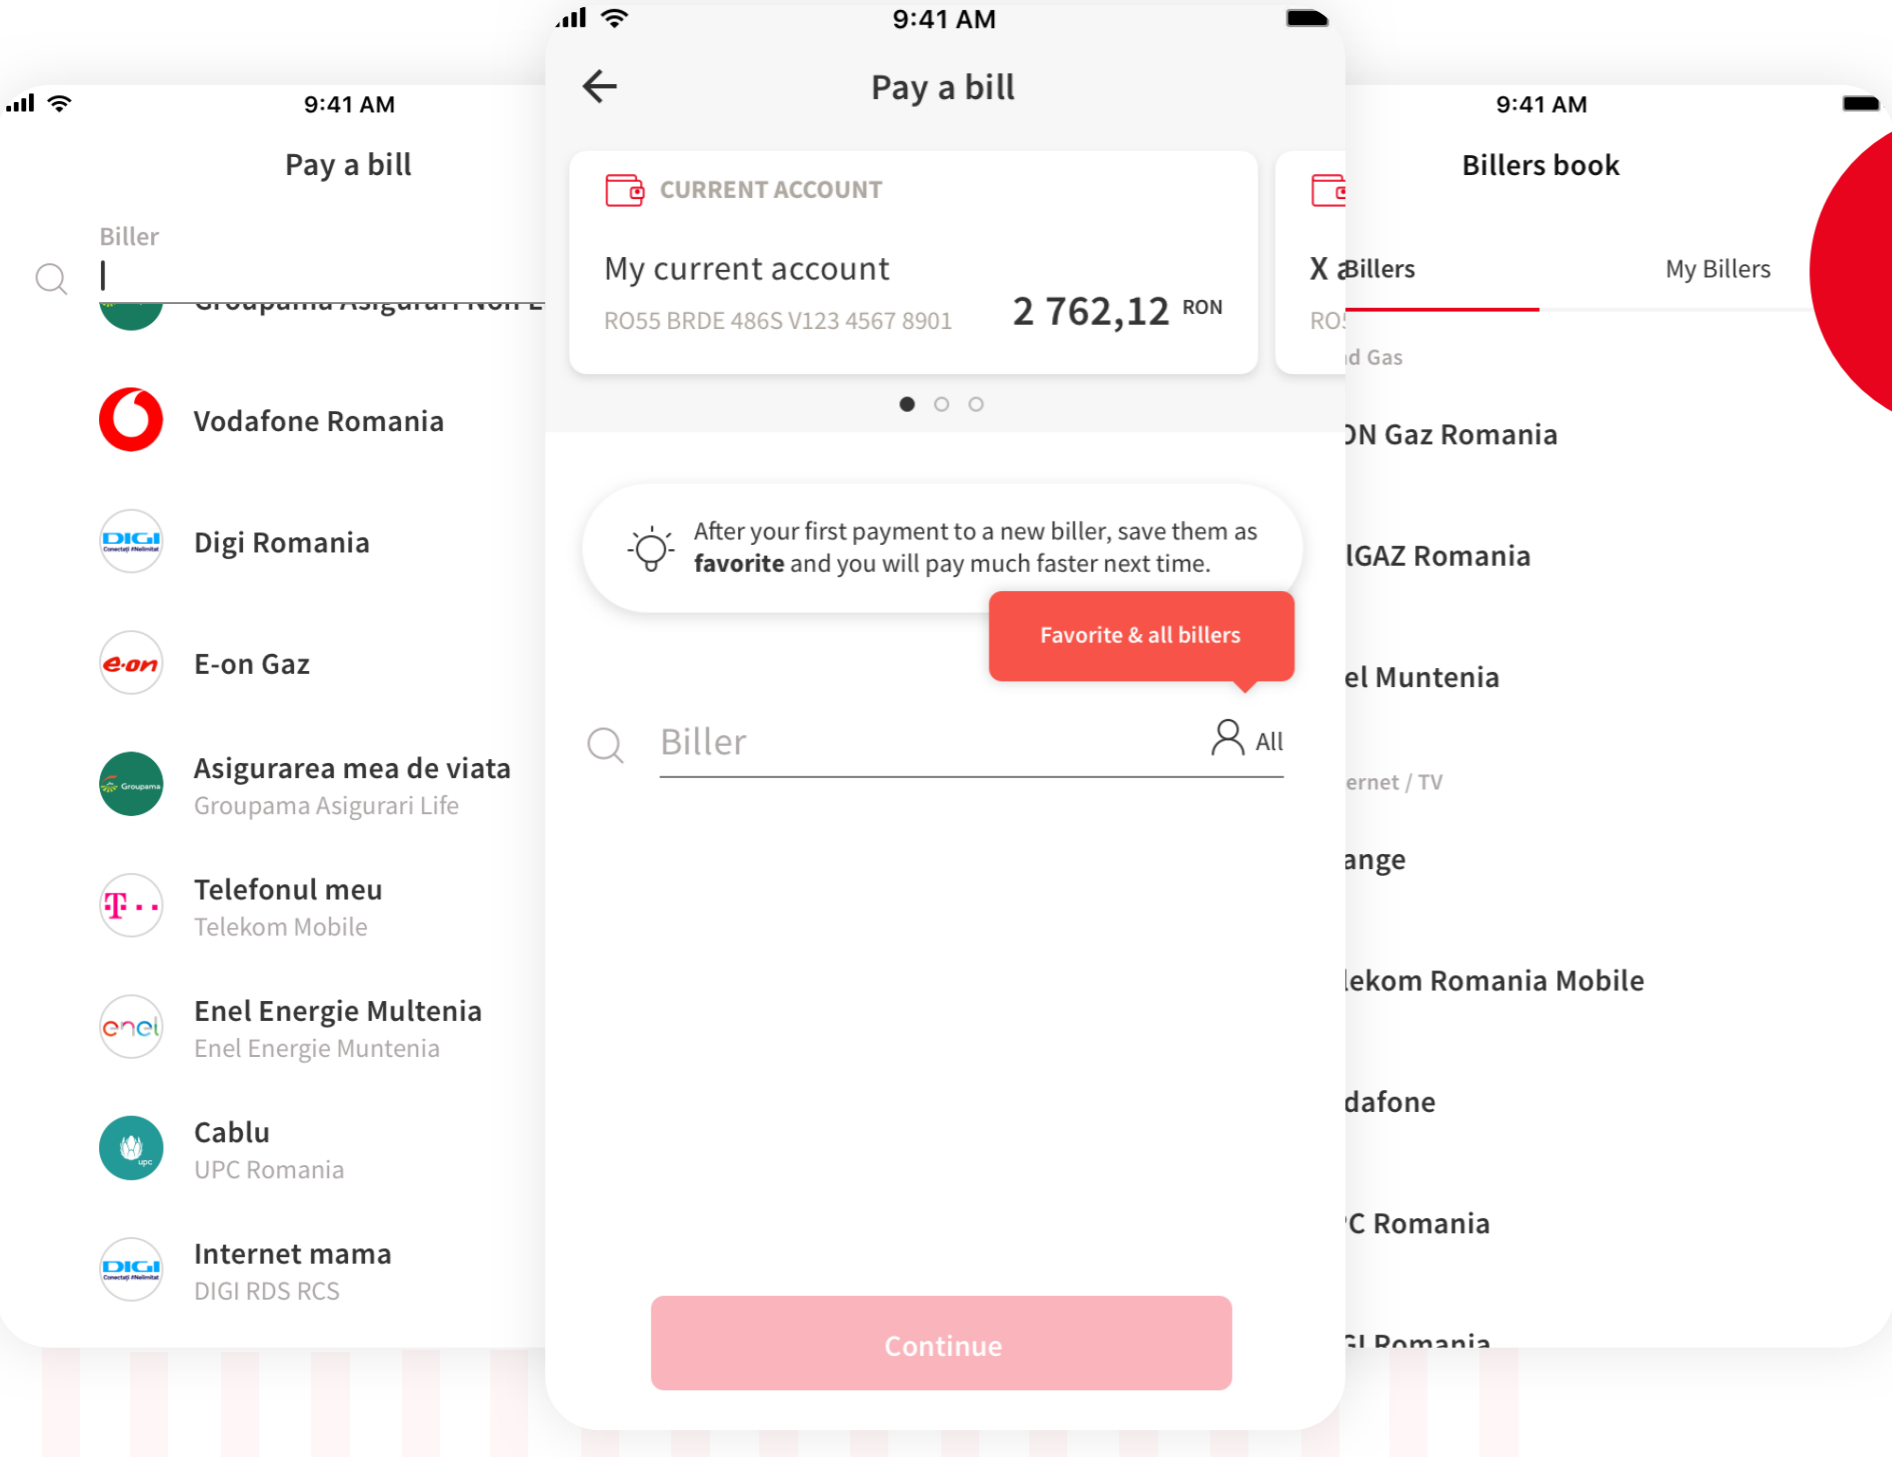

# 2 BILL PAYMENTS

Select "Bill payments" from the payment options. Here you will find over 70 billers.

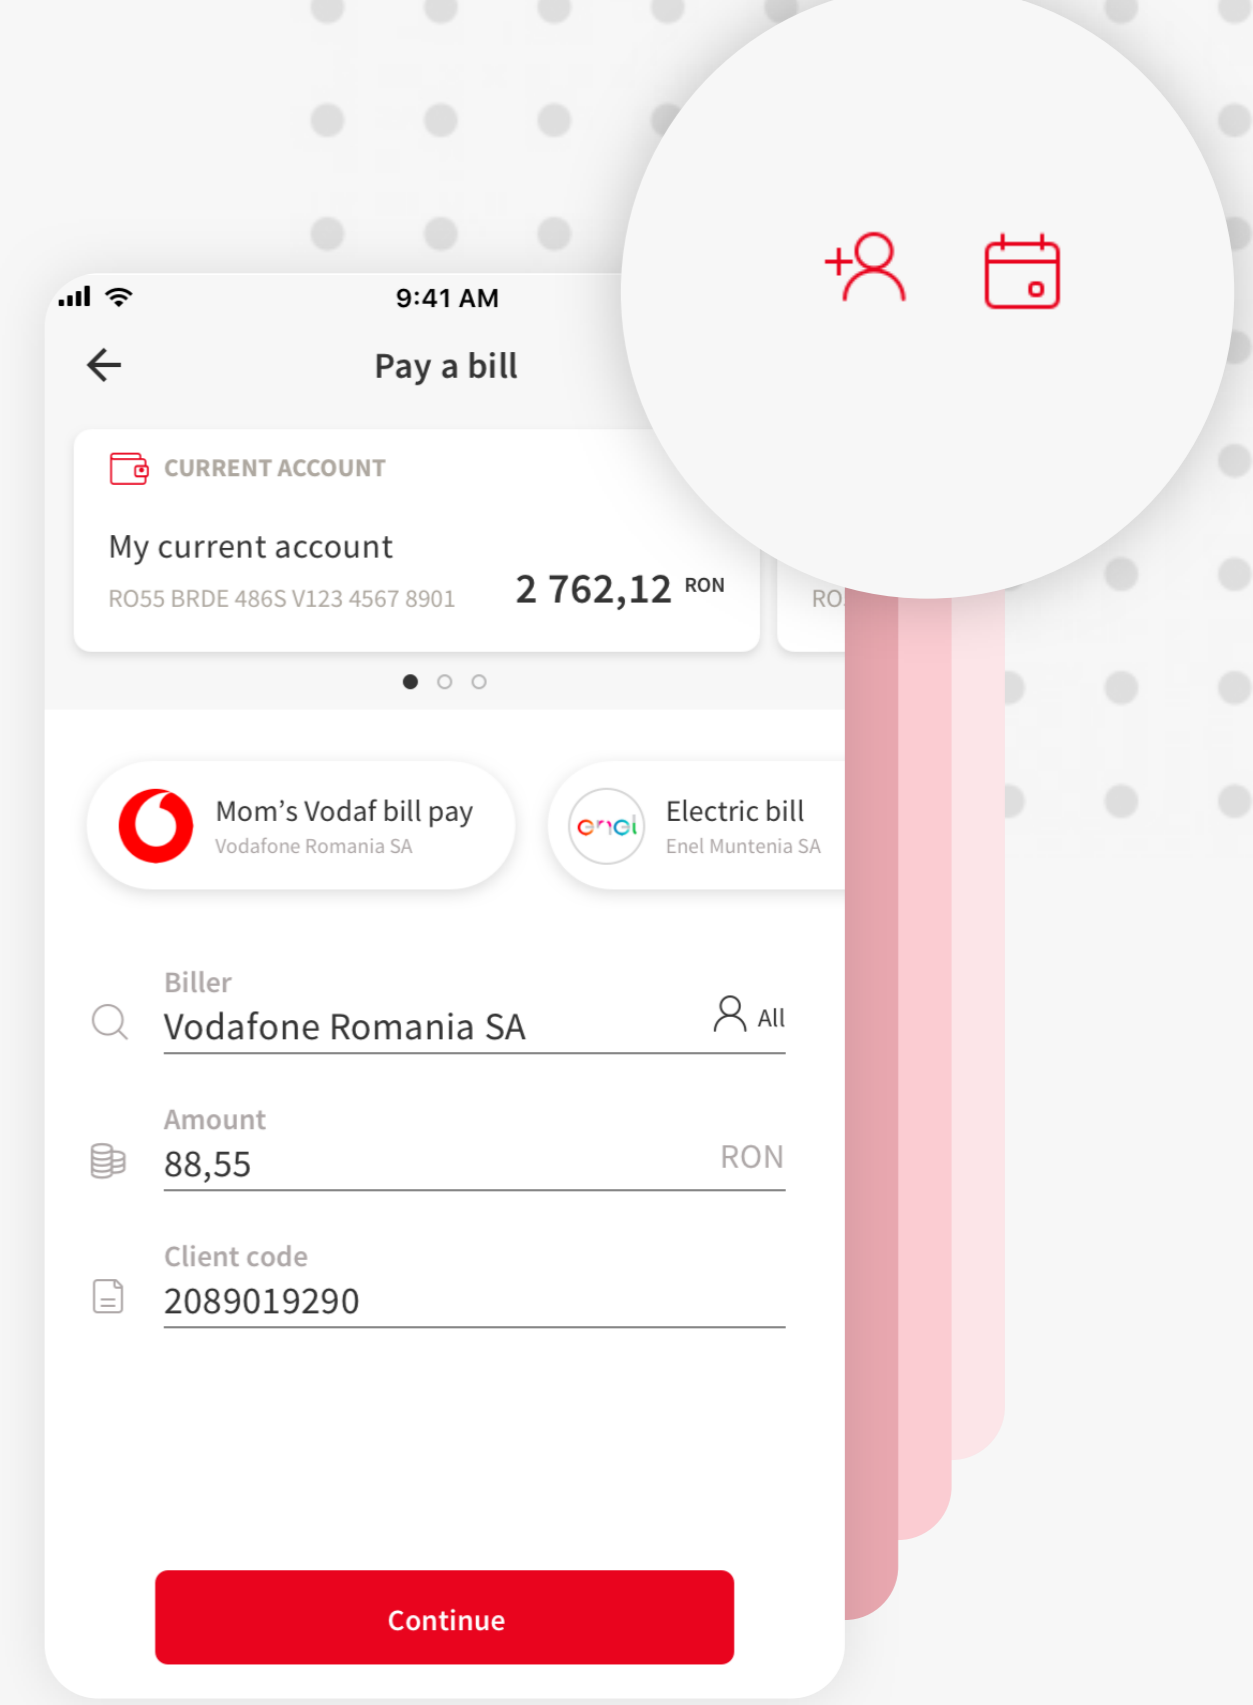

# 3 THE PAYMENT FORM

First of all, you have to choose from the carousel the account from which you want to make the payment. Then you have to tap on "Biller" text and the app will display under this field all the billers and all your favourite billers - if you've saved one. Another option is to tap on "All" button, this action will open a page that also displays All Billers and your favourite billers aka My Billers.

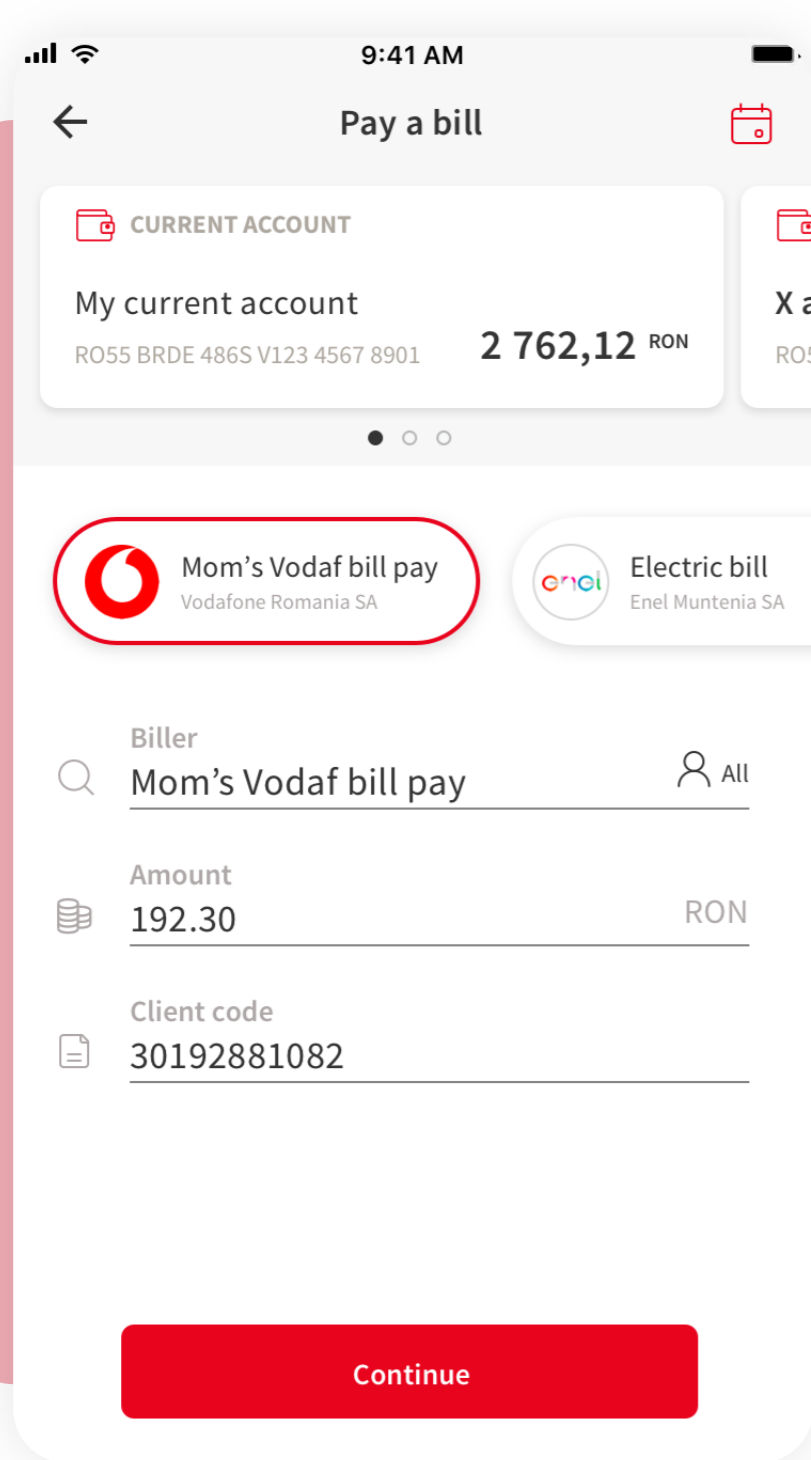

# 4 PAY A BILL

After you have selected the biller, you have to input the amount and your client code, then press "Continue" button. If you want to save this biller with this client code you need to press the "person" icon on the top right of the screen and also you can set a future payment by tapping the calendar icon and choosing the new date.

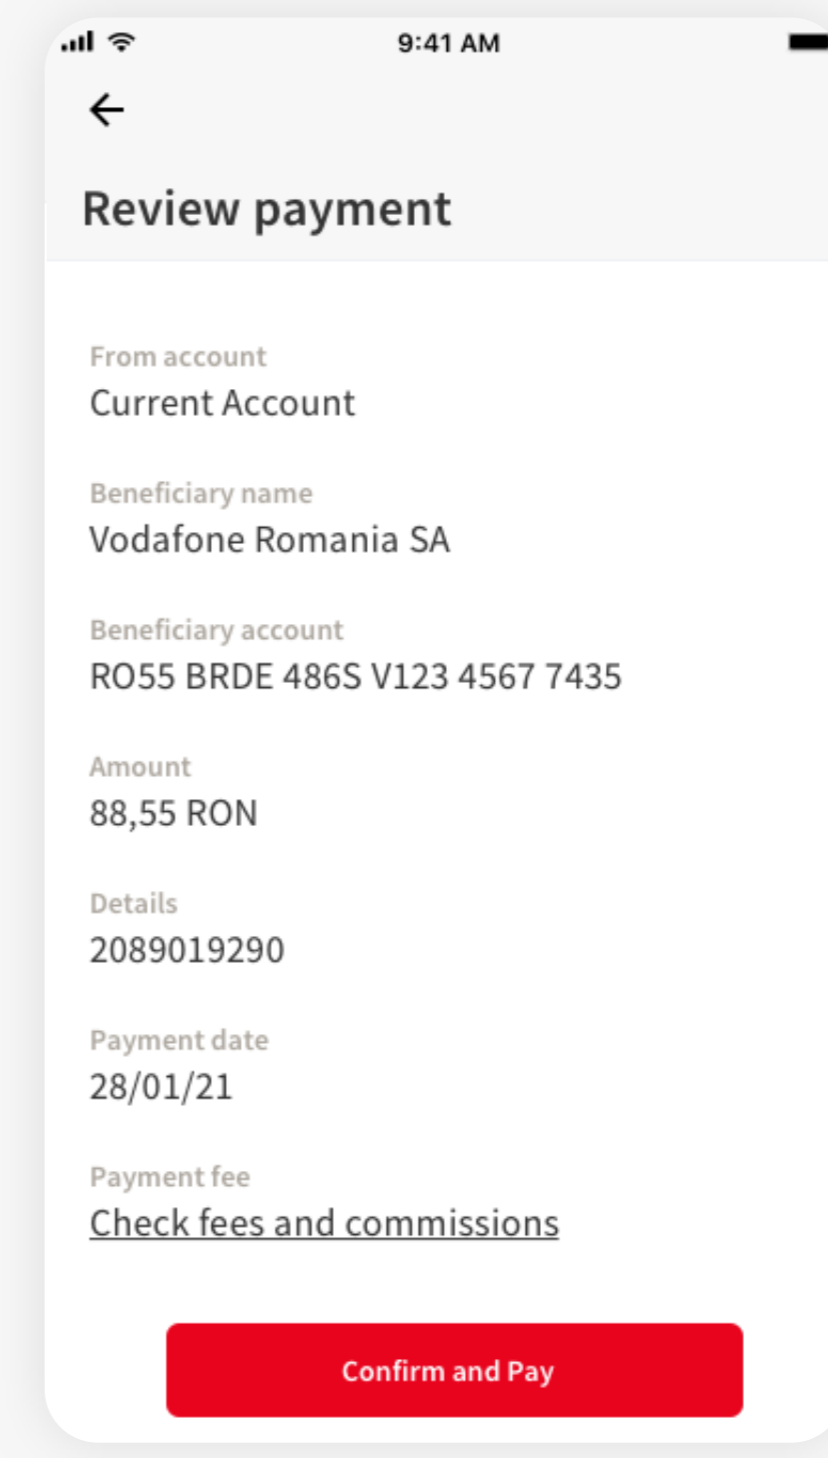

# 5 PAY TO A FAVOURITE BILLER

You can make a bill payment to a favourite biller just by selecting the desired biller from the favourite billers carousel and inputting the amount, the client code will auto-complete because you saved it on your previous payment.

# 6 PAYMENT DETAILS

After the payment form, you will be directed to the payment details screen where the app will display all the bill payment details. Press the "Confirm & Pay" button and go to the next screen.

# 7 AUTHORISE THE PAYMENT

Authorise the payment using biometrics or the PIN code and then the payment is done. The payment will be queued and processed by the bank. You can see the payment in the transaction history.
